

The simple and compact Monimax 5000CE creates endless value through its cost-competitiveness and enhanced SSL performance.

# **Features**

## • TCP/IP with SSL Support

**Monimax 5000CE** is designed to guarantee secure transactions with its built-in TCP/IP with SSL(Secure Socket Layer) feature for use while connected to the Internet. The new connectivity feature allows for a direct connection without having to add any additional boxes, adapters or converters, saving time, and added costs for the customer.

# • From 1,000 Notes Up To 6,000 Notes Capacity

*Monimax 5000CE* provides customers the ability to select a dispenser option based on the volume of transactions at the site. The choices vary in configurations from a 1 to 3 denomination Dispenser with a 1,000 or 2,000 note cassette option, offering greatest value and savings. *Monimax 5000CE* is the ideal solution for customers who are looking for the same look and design for multiple locations with various dispenser options.

## Small Footprint

Satisfying ADA standards, *Monimax 5000CE* with its small footprint, is the best choice for retail locations.

# Create your true ATM values Design your own ATM portfolio

Experience *Monimax 5000CE* and prepare yourself for a totally new ATM.

Nautilus Hyosung, always by your side
